

Nacra 36c (carbon) – For Sale

POA to Owner Mal Richardson, Port Douglas – Australia.

Email - mal@sailstructures.com.au

The boat has recently undergone a major refit.

This refit included new, taller Carbon 2 piece mast. New mainsail, headsail and 2 new gennekers. Tramp was lowered on inside of hull. Access hatches and storage compartments installed on both hulls. Full electronics.

The boat is full carbon construction and breaks down for transport on a custom trailer with ease.

Recent photos taken as part of Port Douglas Race week where it won line honours and handicap in every race, taking the series with a perfect score.
