**BEAM:** 2.35m (7'7")

**DRAFT:** n/a

**DISPLACEMENT:** 98kg (216lb)

**SAIL AREA:** 10.9sqm (117sqft)

The Maricat 4.3 is a very versatile Catamaran, being an ideal boat for family fun, yet it has all the go fast gear fitted as standard to make it a top racing catamaran in the 14ft division. The hulls are now made out of foam sandwich construction which makes the boat stiffer and faster plus will help them last for many more years to come.

The hulls feature storage lockers in each hull and the natural stability of the Maricat 4.3 have helped to make it Australia's most popular and long lasting 14ft Catamaran.

Your safety and comfort are well catered for as well. Saddle sores are a thing of the past when you sit on the Maricat. The trampoline joins smoothly into the curved fibreglass decks and provide comfortable seating whether you are pottering along or straining to hold the boat down on a screaming reach.
