

Nacra 4.5 adventurer

Nacra 4.5 Adventurer and Sports

The Nacra 4.5 offers the entry level sailor a fast and easy to sail catamaran at an affordable price. The Nacra 4.5 buoyancy surpassed that of other catamarans in its range. Kick up rudders make for simple beaching and shallow water sailing. A wide beam and jib blocks mounted on the front crossbar make for an uncluttered and more comfortable trampoline.

A boomless sailplan allows for easy control.

The Nacra 4.5 sail is offered in a variety of bright and brilliant colours to complete the package.

Add a front trampoline and double the area for twice the fun.

STANDARD FEATURES:

- RCB traveller car system
- In built storage box in hull

The Nacra 4.5 adventurer is totally designed for cruising with the family or destination sailing.

With it's the uncluttered trampoline, boomless mainsail with built in flotation, and kick up rudders allowing for safe and easy beaching. A furling jib allowing for safer sailing and large hull volume allowing you to carry more friends.

Or is it the large storage box in each hull allowing you to carry food and drinks plus some camping gear. Or the front trampoline making this the largest trampoline area for a boat of its size.

A bright and colourful sail paten and hull graphics compliment the package.

The adventurer also has the latest quality gear has other Nacra, s like Harken traveler system.

Plus with the added advantage of being able to take the front trampoline off in a few minutes and compete in local club racing with other boats.

The Nacra 4.5 Adventurer the ultimate cruising catamaran.
