

Nacra 4.5

The Nacra 4.5 Resort is a much larger Sirocco.

With its large buoyancy in the hulls it is ideal for the whole family or the more experienced sailor.

The beauty of this boat is that it will carry more people than other resort Catamarans.

But one person can still easy handle it on and off the water.

It comes standard with a jib which makes for easy tacking and manoeuvring.

With its wide beam and jib blocks mounted on front beam, it makes for a very large uncluttered trampoline.

Which will allow you to easy cruise with 4 friends.

It comes with the great Nacra kick up rudder system, allowing for easy beaching and shallow sailing.

Sails also come in bright coloured options.

Features

Surveyed for 4 people: Can carry more than other boats

Jib as standard: Makes for easy sailing, tacking

Captive mast step system: For easy and safe lowering and raising of the mast.

Anodised spars: Ensuring long life of the whole parts

Boomless vertical colored mainsail with built in flotation: Eliminates the need for mast float

Heavy duty wide Allows ample room for 3 or 4 people

**trampoline with storage
pocket:**

Modern day skeg design: Makes for easy tacking as well as extra buoyancy

Non skid decks: Make for comfortable sailing and the hulls are constructed to meet survey requirements

Unique kick up rudder system*Piv Matic system: Eliminates the need for springs and cams. This trouble free system allows for easy beaching and instant kick up

Heavy duty PVC coated stays: Helps to protect sail from wear and tear

Round strong cross beams: Makes for durable strong platform

Quick assembly: Great for resorts, more time on water

All this plus Nacra's warranty
