

Nacra 36R

A true high performance catamaran, totally redesigned to suit today's high standards.

Capable of 30 plus knots speed, with a crew of 3-4 on board.

Featuring large mainsail and self-tacking jib, plus gennaker, this 36 foot racing machine will make a true winner on the race course.

With its large volume hulls this boat will be able to be pushed hard in all conditions that come her way.

Featuring large uncluttered trampoline area, high aspect daggerboards and sharkfin rudders.

This catamaran also features all the latest technology in materials, featuring carbon reinforced rudders and daggerboards and carbon hulls, it is a true joy to sail.

This catamaran is for those who want the feeling of a F40 without the price tag.

This is true one Design boat.

There is nothing else like it!
