## Nacra 4.5

The Nacra 4.5 Resort is a much larger Sirocco.

With its large buoyancy in the hulls it is ideal for the whole family or the more experienced sailor.

The beauty of this boat is that it will carry more people than other resort Catamarans.

But one person can still easy handle it on and off the water.

It comes standard with a jib which makes for easy tacking and manoeuvring.

With its wide beam and jib blocks mounted on front beam, it makes for a very large uncluttered trampoline.

Which will allow you to easy cruise with 4 friends.

It comes with the great Nacra kick up rudder system, allowing for easy beaching and shallow sailing.

Sails also come in bright coloured options.

## **Features**
